XXXIst CONGRESS First Session.

SENATE ... Washington, Tuesday, April 9. erving on the Committee to carry Mr. Calmous's | not acted on

irl, are still alive though in captivity. Some In sundry amendments, and a long and uninteresting upon the several amendments proposed.

Crawford, in connection with the Galphin claim, to ask leave to sit during the sessions of the House,

The motion to reconsider the vote by which the resolution to purchase American water-rotted Hemp for the use of the Navy was referred to the

Motion to reconsider laid on the table. The House then went into Committee

Mr. HOWARD (Loco) of Texas, by consent, gave sotice of an amendment to the bill of Mr McClerand to the effect that, if Texas does not accept portion of the territory east of that river. If Texas accept, the present laws of that State as to Slave whall exist in the Territory until it is admitted

Mr. HARRIS (Loco) of Tenn. took the floor. He entered into a constitutional argument to show that nature, why do they propose to reenact these laws ! here this forenous.

A vote was taken yesterday throughout the City on the subject of consolidating the four Municipalities under one charter. The proposition was

peachy, announcing that a great conflagration had occurred at the City of Laguayra, Venezuela, which broke out on the 18th of March, and coasumed almost the entire city, but two buildings being left standing.

The greatest distress prevailed among the inhabitants, who were not only houseless, but in danger of starvation.

The loss by this conflagration is not far short of Two Millions of Dollars. never thought of or designed such equilibrium. He defended the North west, and denied that the people there had any organized band to help the escape of negroes. He admitted that perhaps one in a hundred thousand had been engaged in this business, but the owner has always been amply satisfied by the courts. He had no doubt that a like course of conduct was to be found in the States of the North. It was admission to supersymmetric them. There have been fires in this city during the last few days which have destroyed altogether \$40, 000 worth of property.

The city is intected with bands of incendiaries. But most of the fires that have lately occurred have had their origin with them.

The Europa's News at New-Orleans—Decline of Cotton.

New-Orleans, Sainday, April 5—P.M.
